The architectural floor plan illustrates a building section with three optional intermediate floors, labeled B-10, B-11, and B-12. The plan is overlaid on a grid system with dimensions of 600, 1200, 800, 250, and 150 units. The central area, B-11, is highlighted in orange and labeled "optionele tussenverdieping". The other two areas, B-10 and B-12, are also labeled "optionele tussenverdieping". The plan shows structural elements such as columns and beams, and includes a section cut symbol on the right side. The overall layout is symmetrical, with the central area (B-11) being the largest and the side areas (B-10 and B-12) being smaller.
